Platform Lift Cibes
A5000 is a smart and
adaptable lift solution

CIBES platform, most cost effective way of making an existing office accessible, no pit required, no headroom, no motor room just high quality and robust accessibility.

Platform stairlifts are very practical on stairways. They can transport wheelchairs or people sitting on the folding chair. This product also allows the user to carry goods such as groceries along with the user on the platform.

for public and commercial buildings.

- Simple & timeless design
- Panoramic lift shaft
- Minimal construction work
